EXPERIENCE

Training & Workshops

Computer Networks & Cybersecurity Workshop

2026

NAST, Nepal

- Learned basics of **networking, protocols, and cybersecurity concepts**
- Understood **threat detection and safe network practices**

Git & GitHub Workshop

2025

NAST, Nepal

- Practiced **version control, branching, merging, and collaboration**
- Used GitHub for **project management and teamwork workflows**

EDUCATION

National Academy of Science and Technology (NAST)

2022 – 2026

Bachelor Degree, Computer Engineering

Pokhara, Nepal

Morning Glory Secondary School

2020 – 2024

High School (+2)

Mahendranagar, Nepal

Mahakali Modern Public School

2020

Secondary School

Mahendranagar, Nepal

PROJECTS

Web-Based Attendance Management System

- Developed a full-stack attendance system to digitize and automate student attendance tracking using Python (Flask), MySQL, HTML, CSS, and JavaScript
- Improved efficiency by reducing manual attendance errors and ensuring secure, structured data management with a responsive user interface

House Price Prediction using Machine Learning

- Built a regression-based machine learning model to predict house prices using a Kaggle dataset with Python (Pandas, NumPy, Scikit-learn)
- Applied data preprocessing, feature engineering, and model evaluation to improve accuracy and understand real-world ML workflows

SKILLS

Languages : Python, C/C++, Java, JavaScript, HTML/CSS, SQL (MySQL)

Frameworks & Tools : Flask, Git, GitHub, VS Code, Anti-Gravity

Areas of Interest : Web Development, Artificial Intelligence & Machine Learning, Cybersecurity, Data Analytics, Singing
